## Rotary Shoebox Appeal

Many thanks to all who have brought in filled shoeboxes and also groceries for the foodbank. The back of 6A's classroom is beginning to resemble a badly-stacked supermarket shelf! Please keep bringing in your donations: we will be delivering shortly before half term. Thank you so much for being so generous! Strawberry jam is in short supply there at the moment!

## Thank You

"Many thanks to the Friends of Beechwood for their gift of a Bug Hotel, a Ladybird Tower and a Spider Web frame, which are to be found at various points (outside) around the school. Sorry, you have to be minibeast-sized to use these facilities, but visitors are always welcome: stop by to see who is staying there.

We have several species of ladybirds and spiders roaming around in these mild autumn days, so we hope they will soon become residents. There is also a large, informative poster on the Gardening Club bookshelf outside 6A, with some useful identification sheets."
