Gibson Fleming Award – Application Form 2017

Please complete and return to Mrs Sandra Beaton, Principal's PA, by Friday 28 April

Gibson Fleming Awards are intended to assist pupils to get the most out of the opportunities offered at Elizabeth College by getting involved in curricular and extra-curricular activities which they may otherwise consider unaffordable. The level of any award will relate both to an assessment of the extent of anticipated costs and the financial circumstances of the recipient's family. They are not intended to subsidise fees. All awards will be considered on a case by case basis and are subject to the availability of funds.

The type of activities that would qualify for an award are:

- Where a pupil has been selected on merit to represent the College (eg a sports team).
- An activity and/or trip deemed important to support a pupil's academic/educational development (eg an academic trip).
- An extra-curricular activity where the pupil has been identified as notably talented.

Awards will be made from September 2017 and, in general, will be given for one year only but may be renewable. All awards will be means-tested and provided as an annual sum of up to £1,500, depending on the anticipated costs of the activities involved and the family's financial position. Full financial information should be submitted on the separate Elizabeth College means-testing form which is available from the College website. The means-testing process will determine the proportion of the activity costs which will be paid for by a Gibson Fleming Award. In general, a household with a total gross income of under £35,000 (including a 5% charge on capital assets over £500,000) could expect to receive a full bursary. Awards to households with a gross income above this level will only be made subject to the availability of funds and in general a household with total gross income of over £70,000 should not expect to receive financial assistance.
