

Heading for the sun

Abu Dhabi double: There will be no chilly Easter school holiday for two of the island's most promising young cricketers. Nairn Guilbert and Dan Le Messurier, from Elizabeth College, are both off to Abu Dhabi this weekend to spend an intensive week of coaching as part of the Sussex Emerging Players Pathway programme which has now been in operation for several years and resulted in a number of players being ultimately awarded county contracts. In the case of Guilbert, it is the second successive year he has been chosen for the trip having gone in 2014 with Tom Nightingale and Declan Martel.
