

Junior sailors raise sails and funds

MORE than 30 young sailors recently competed in the annual mini-marathon team relay event organised by the GYC's junior section.

Split into six teams, they raced laps around a triangular course on the Model Yacht Pond, with the changeovers after each lap frantic.

Each team had sailors with a range of experience and with a decent force three to four wind the lap count was high for all teams which made for an exciting finish.

As the final whistle blew it was the red team comprising Abigail Boyle, Emily Beck, Erin Watterson, Finn Milroy, Lily Jones and Sophie Brooks who had racked up the most laps.

As well as being a great taster of competitive sailing the event is also an important fundraiser, with the young sailors helping to raise a fantastic £620 for the Guernsey Sailing Trust.
