

Are you or your son/daughter interested in the broad educational opportunities on offer at Elizabeth College?
Think it is unaffordable?
You might be eligible for a free or subsidised place through the new Elizabeth College Foundation Bursary Scheme.

The Foundation Bursary Scheme offers free or subsidised places to boys or girls entering Elizabeth College Year 7 or Year 12 (Lower Sixth).

What is a bursary?

A bursary is a reduction in school fees granted to parents who have limited incomes and assets.

- A bursary is means-tested while a scholarship isn't.
- A scholarship is awarded on the basis of academic ability while a bursary isn't.

Who can apply?

The Foundation Bursary Scheme offers an additional choice for parents whose family circumstances mean that they cannot meet the full school fees. We welcome applications for children who would benefit from our broad curriculum, outstanding enrichment activities, diverse community and inspirational environment.

All prospective students including those applying for Foundation Bursary places are required to meet the entry requirements of the College's Entrance Assessment.

What financial assistance is on offer?

Foundation Bursaries range from 25% to 100% of fees. Bursaries are means-tested and are dependent on individual circumstances. Five (or more) Foundation Bursary places will be available for Year 7 entry and three for entry to Year 12 (Lower Sixth) each year. Those awarded a full bursary may also get help to meet the cost of uniforms and other school related costs.

How can I find out more?

Further information and assistance in making your application are available from Mr Rick James, our Foundation Bursary Co-ordinator, contactable on 01481 726544 or RJJames@elizabethcollege.gg.
