Headlines

Welcome back. It is a very busy term, and with three short weeks we thought it would be useful to include the diary for the rest of the year.

We also need to include this guidance for COVID for the children, from **May 1st onwards:**

- Stay home if unwell, seek medical treatment / diagnosis from primary care, as appropriate.
- Free LFT will remain available for testing of symptomatic people who do not require medical care.
- There is some evidence that children have a shorter duration of illness compared to adults. Children and young people who get a positive COVID-19 result should stay at home and avoid contact with other people for 3 days after the day of a positive test. They can go out on Day 4 *if they are asymptomatic*. (No test to release advised unless specifically required by a Health and Care Setting.)
