- EC cookery book -

If you have a favourite go-to recipe for a particular fruit or vegetable, the **Eco Team** would like to hear from you. They are putting together an EC cookery book which aims to encourage people to use more fruit and vegetables in their meals, with a particular focus on local, seasonal produce. The cookery book will help answer questions such as: "What meals can I make with this massive pumpkin?", "What can I do with countless courgettes?", "How can I eat chestnuts?". Recipes may include some meat, as long as vegetables form an important part of the recipe. An email has been sent out to parents in SchoolPost with an online form to fill out through the reply button. Please submit responses by **Tuesday 13 December 2022**.

- Digital Guide- Screentime -

It can be challenging for parents and carers to know whether children are spending too much time on their devices. Furthermore, it's even more of a challenge to know whether a child is addicted to the internet and social media. As technology is becoming more pervasive, children and young people are experiencing tech-related dependencies. Do we as parents and carers have the knowledge to identify and support children and young people who may be developing an addiction to their devices?

In this guide, you'll find tips on a number of potential risks such as health & wellbeing, app addiction and a lack of sleep.
